

GCSE teaching schedule (until Summer 2010)

Below is the suggested topic coverage over a two year course using **LOGO 4 Rot (Higher)**. Further resources include: www.klar.co.uk (for all GCSE topics); www.languagesonline.org.uk (especially for grammar).

A more detailed scheme of work in a lesson-by-lesson format can be downloaded and printed off from German Shared on the U-drive. Hence each individual teacher can customise these forms for use as individual lesson plans for each teaching point. The **LOGO 4 Rot** Teacher's Guide also provides further ideas and guidance. **LOGO 4 Rot Übungsheft** provides additional reading, writing and grammar tasks for each chapter.

***Remote learning: In case of the school being closed due to a flu-pandemic or similar or in case of longer individual pupil absence, please follow the schedule below using your LOGO 4 textbook and white workbook (i.e. the Übungsheft) and www.klar.co.uk. The login for this website is: RGS1. The password is: Lebkuchen. The topics are clearly labelled in different folders on this website. The back of the textbook provides detailed grammar explanations and exercises. Start from the last topic/teaching point of the last lesson you attended. Aim to cover one teaching point/folder in "KLAR" per day.**

The schedule might be subject to amendment if necessary.

Fourth Form

Month	Topic	GCSE theme context
September – October Half-Term	Kapitel 1: Hallo! Ich bin's! pp. 6-21	Family, describing one's home, household chores
